NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
THREE AND SIX MONTHS ENDED JUNE 30, 2021 AND 2020
(Unaudited - Expressed in US dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Desert Gold Ventures Inc. (the “Company”) is an exploration stage company and is engaged in the acquisition, exploration and development of mineral resource properties. The principal business of the Company is conducting mineral property exploration in Mali and Rwanda. The Company’s shares are traded on the TSX Venture Exchange (the “TSX-V”) under the symbol DAU. Commencing March 30, 2021, the Company’s shares began trading on the OTC market of the USA(OTCQB) under the symbol DAUGF.

The head office and principal address is located at 9648-128th Street, Suite 210, Surrey, BC, V3T 2X9.

These condensed consolidated interim financial statements are prepared on a going concern basis, which assumes that the Company will be able to meet its obligations and continue its operations for its next fiscal year. Realization values may be substantially different from the carrying values shown and these consolidated financial statements do not include adjustments that would be necessary if the going concern assumption is not appropriate.

The Company has recurring losses since inception and has an accumulated deficit of \$50,207,362 at June 30, 2021. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern.

The Company’s continuing operations and its ability to meet mineral property and other commitments are dependent upon the ability of the Company to continue to raise additional equity or debt financing and/or to seek joint venture partners. Although the Company has been successful at raising capital in the past, there is no assurance that the Company will be able to raise adequate financing on terms that are acceptable to the Company, if at all. Based on its current plans, budgeted expenditures, and cash requirements, management believes the Company would need to raise additional capital to accomplish its business objectives thereafter.

At the time these condensed consolidated interim financial statements were prepared, the COVID-19 pandemic has caused significant disruptions to the global economy and increased volatility in the global financial markets. The extent to which COVID-19 may adversely impact the Company’s business and financing opportunities and access to mineral properties to conduct exploration activities will depend on future developments such as the geographic spread of the disease, the duration of the outbreak, travel restrictions and social distancing at the properties, business closures or business disruptions, and the effectiveness of actions taken in Canada, and other countries to contain and treat the disease.

2. SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standards (“IAS”) 34 “Interim Financial Reporting” (“IAS 34”) using accounting policies consistent with the IFRS issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). Accordingly, certain disclosures required in annual financial statements have been condensed or omitted. These condensed interim financial statements are intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that these condensed consolidated interim financial statements be read in conjunction with the most recent audited consolidated financial statements for the recent year ended December 31, 2020.

The condensed consolidated interim financial statements of the Company for the three and six months ended June 30, 2021 and 2020 were approved and authorized for issue by the Board of Directors on August 30, 2021.
